

Mission Statement

1. Business concept

We are an internationally active company that offers comprehensive and sophisticated end-to-end solutions in sheet-metal working and system construction.

We secure our future by means of continual improvement.

2. Attitude and customer relations

We are constantly an appealing partner for our customers. We are innovative, committed, forward-thinking and absolutely reliable.

We offer our customers the required quality in a short time and at competitive prices.

Segmentation into the areas of industry, medical technology and forming enables us to provide optimum support for the market.

3. Internal cooperation

We create and maintain an environment in which performance awareness, motivation, personal responsibility and team orientation can develop optimally.

The health, safety and well-being of our employees are important to us.

We put an open and clear information policy into practice.

4. Our strength

By consistently applying design principles based on waste reduction, along with our Ringele value-creation model, we achieve outstanding benefits.

5. Cooperation with supply partners

We develop sustainable and partnership-based business relationships with our suppliers, as they represent an essential part of our capabilities. This is why we specifically select supply partners who fit in with our business culture.

6. Attitude towards the environment, society, authorities and regulatory requirements

By fulfilling the regulatory requirements arising from our certifications, we commit to providing our services safely, with process control. In particular, we undertake to put environmental protection into practice. We provide the necessary resources to guarantee compliance with the law.

We cultivate open and honest cooperation with authorities, institutions and the public in our region.

7. Health and safety

The health, safety and well-being of our employees, as well as the safety of customers, suppliers, visitors and external firms who come to our company are of central concern to us.

All employees and managers comply with the statutory regulations and directives relating to occupational health and safety.

8. Commitment of the owners

We ensure the further development and independence of our company by means of a consistent investment policy, and by creating framework conditions that enable outstanding performance. In return, we expect appropriate profits.
